

HAMPTON ROADS AUVSI CHAPTER

Membership Information

The Association for Uncrewed Vehicle Systems International (AUVSI) is the world's largest nonprofit organization devoted to the advancement and evolution of uncrewed systems and robotics. AUVSI represents professionals and corporations from across more than 60 countries worldwide involved in industry, government, and academia.

AUVSI members gain access to the world's largest uncrewed systems community. From exclusive networking events to inspiring business development opportunities, becoming an AUVSI member assists you with the ability to further navigate the ever-evolving world of uncrewed systems.

Our chapter is volunteer led and reflects the viewpoint of the broader AUVSI outlook. This outlook includes government officials and industry led professionals.

Benefits to an AUVSI Membership

**A daily email round
up of the latest news
stories in the
uncrewed systems
and robotic industry**
